

Time Distributor v1 (Pre-GUI version)

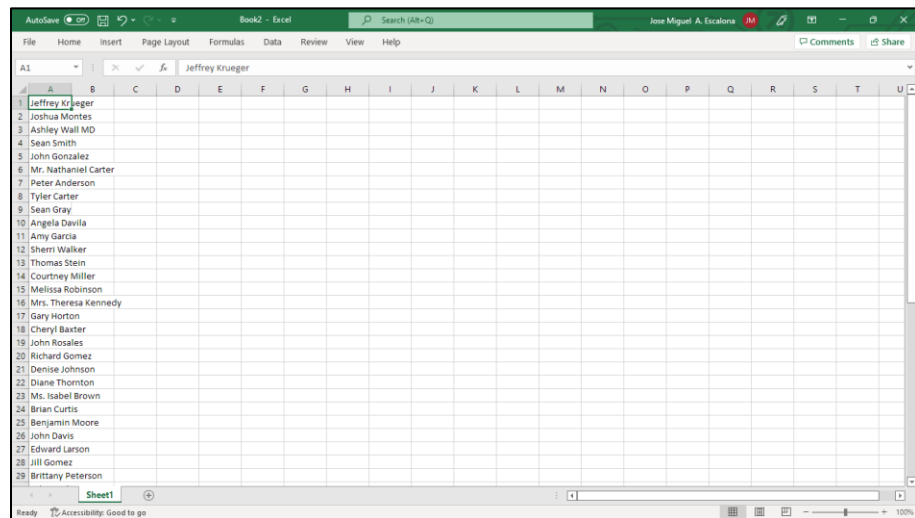

Git Repo: <https://github.com/jm55DLSU/TimeDistributor>

Future version is to be updated with a proper interface.

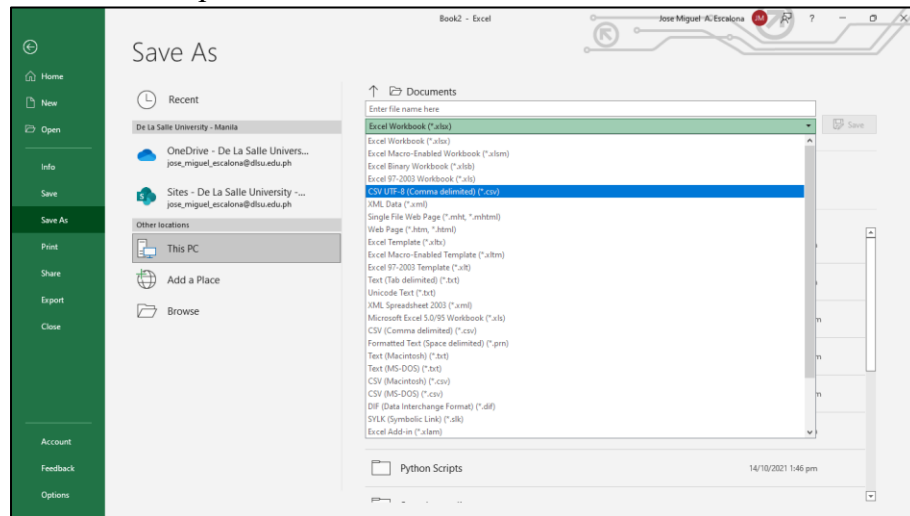

1. Create a .csv file containing the names of the people (Required)
 - a. Open the existing spreadsheet file of names
 - b. Copy the names on a new spreadsheet file
 - i. Copy existing names

- ii. Paste to new Excel window

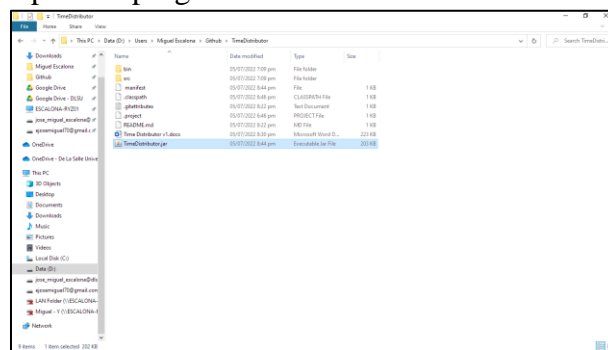

c. Save the new spreadsheet as '.csv'

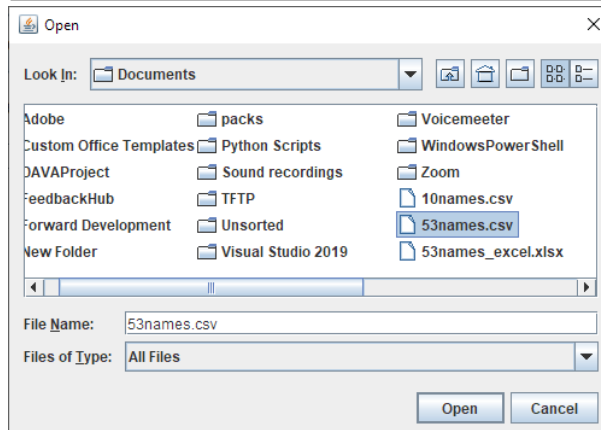

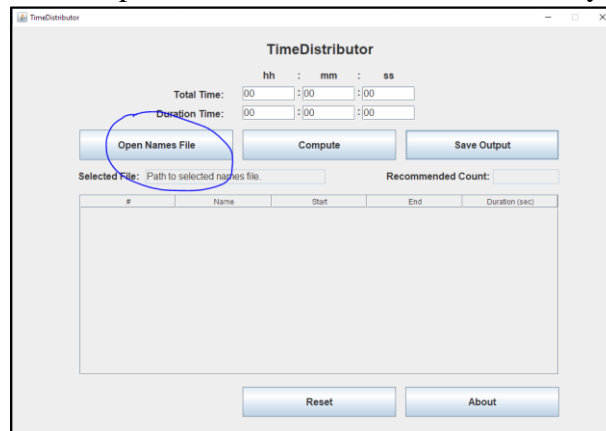

2. Using the program

a. Open the program

b. Instructions c and d may come in any order.

- c. Click 'Open Names File' to select the recently saved '.csv' names file.

- d. Set the time configurations and click ‘Compute’

The first screenshot shows the TimeDistributor application with the following configuration:

- Total Time: 3 : 23 : 19
- Duration Time: : 3 : 50
- Selected File: C:\ALONA-LTP02\Documents\53names.csv
- Recommended Count: (empty)

The second screenshot shows the application after clicking 'Compute'. The 'Recommended Count' is now 53. The table below contains 17 rows of data:

#	Name	Start	End	Duration (sec)
1	Jeffrey Knueger	0:0:0	0:3:50	230
2	Joshua Montes	0:3:50	0:7:40	230
3	Ashley Hall MD	0:7:40	0:11:30	230
4	Sean Smith	0:11:30	0:15:20	230
5	John Gonzalez	0:15:20	0:19:10	230
6	Mr. Nathaniel Carter	0:19:10	0:23:0	230
7	Peter Anderson	0:23:0	0:26:50	230
8	Tyler Carter	0:26:50	0:30:40	230
9	Sean Gray	0:30:40	0:34:30	230
10	Angela Davila	0:34:30	0:38:20	230
11	Amy Garcia	0:38:20	0:42:10	230
12	Shem Walker	0:42:10	0:46:0	230
13	Thomas Stein	0:46:0	0:49:50	230
14	Courtney Miller	0:49:50	0:53:40	230
15	Melissa Robinson	0:53:40	0:57:30	230
16	Mrs. Theresa Kennedy	0:57:30	1:1:20	230
17	Gary Holton	1:1:20	1:5:10	230

- e. Click ‘Save Output’ to save as file when needed

The screenshot shows the TimeDistributor application with the 'Save Output' button circled in blue. A 'Save' dialog box is open, showing the file name '53names.csv' and the file type 'All Files'. The dialog box also shows the 'Save In' location as 'Documents' and the 'Files of Type' as 'All Files'.

- Open the newly saved file and it is recommended for you to save it as a '.xlsx' (Excel) file.
